

**Banking With Purpose.®**

*Hello!*

Welcome to the online version of the Liberty First Credit Union Application for Employment. Thank you for your interest in employment opportunities. Your application is a vital step in the selection process so please take plenty of time to complete this process!

Once you click on the provided link, a PowerForm Signer Information tab will open in your internet browser. Complete your full name and email address. Leave the internal role as-is. Click "Begin Signing."

Read and agree to the Electronic Record and Signature Disclosure. Click "Continue."

Click "Start" and begin completing all of the applicable fields. Remember, the more information you can provide to our selection team, the better!

Employment Experience (Page 2): Must be completed! Do not substitute a resume for this section. Place "Not Applicable" or "n/a" as needed.

After carefully reading and understanding the Applicant's Statement on the last page, electronically sign the document. On the "Adopt Your Signature" tab, make sure your full name, initials and electronic signature are accurate. Finally, click "Adopt and Sign". If required fields are missing, it will require you to go back and make sure they are completed.

Once completed, you can print or download your own version. The Human Resources Department at Liberty First Credit Union will electronically receive your application.

Thank you!
