• **Qualifications:** 1) Have at least 12 signature based debit card purchases of at least \$8 per transaction post and settle as signature based transactions during the qualification cycle period for Kasasa Cash Level 1 or have at least 16 signature based debit card purchases of at least \$8 per transaction post and settle as signature based transactions during the qualification cycle period for Kasasa Cash Level 2 2) The Primary Member must be enrolled and log into Online Banking 3) Be enrolled in e-Statements with ongoing valid email address 4) Have at least 1 net direct deposit or ACH identified transaction on the LFCU system post and settle during the qualification cycle period.

*Some merchants convert signature based purchases to pin based. These converted purchases do not count towards your 12 and 16 qualifying transactions. Qualifying transactions are marked with "Withdrawal" at the beginning of the transaction detail description in Online Banking. Non-qualifying transactions will read "POS Withdrawal".

• **Qualification Cycle:** The dates during which the qualifications must be met. Signature based debit card transactions, deposits, and ACH transactions must be posted by this date, not just swiped by this date. Please see your account disclosures for specific information on your account qualifications.

• **Processing Date:** The date when your checking account will be processed to determine whether or not your account qualified for the rewards.

• **Statement Cycle:** The dates that will be reflected in your monthly statement cycle.

• **Purpose and Expected Use of Account:** This account is intended to be the account holder's primary share draft account in which payroll transactions and day-to-day spending activities including but not limited to grocery, gasoline, apparel, shopping, dining, sporting and entertainment transactions are posted and settled. Commensurate with the spending activities identified above, we expect the account's debit card to be used frequently throughout each month and for transaction amounts to reflect a wide dollar range. Small debit card transactions conducted on the same day at a single merchant and/or multiple transactions made during a condensed time period particularly near the end of a Monthly Qualification Cycle are not considered normal, day-to-day spending behavior. These types of transactions appear to be conducted with the sole purpose of qualifying for the account's rewards and thus may be deemed inappropriate transactions and may not count toward earning the account's rewards.
